artwork — international,  
Modern and Contemporary —  
takes center stage at the multi-  
day Art Southampton.

Highlights include a sculpture  
garden designed by Christopher  
LaGuardia featuring the work of  
Dietrich Klinge. A curated  
exhibition by artist Eric Fischl  
features prominent alumni of  
the New York Academy of Art,  
and the Keszler Gallery of  
Southampton with original  
works by graffiti artist Banksy,  
including "Kissing Coppers."

Keeping in the Southampton  
style — an exhibit of Maserati  
luxury sports models will sur-  
round the art pavilion through-  
out the exhibit.
