VIP Opening of Art Southampton By Diana Pinck

On July 25 the art-loving high society flocked to the VIP opening of the second Art Southampton. More than 4,200 collectors, artists, art advisors, socialites and supporters of Southampton Hospital attended the fabulous event during the course of the evening. The 100,000-square-foot luxury pavilion accommodated the champagne-sipping visitors comfortably. More than 90 galleries from the Americas and 12 other countries exhibited a kaleidoscope of some of the best art of the 20th and 21st centuries. With all the hellos and the running into friends from the art world, this art lover had to go back for more on Sunday. It was clear by the end of the weekend that Art Southampton was a huge success on all levels. I can't wait for next year!

Brett McMicking, Ann Van Ness, Michael Hal
